

aquamarine

AQ10-DST

FEATURES

- Optimised for transfer printing
- Developed for coated and uncoated media, including high density and lower GSM transfer paper
- Reduced ink consumption
- Fast transfer rate for increased productivity
- Excellent print reliability and superior colour gamut
- Fast drying for high speed printing
- Supported by NUtec Digital's Ink Delivery System Warranty

OVERVIEW

The Aquamarine AQ 10-DST is a high density dye sublimation ink designed for coated and uncoated transfer paper.

Productivity is improved through high speed printing delivering vibrant images with lower ink consumption.

Complies to the Adidas A01 Standard.
