

EMERALD

E10 XP ECO

FEATURES

- Minimal Smell Eco Solvent
- Excellent Image Quality
- Wide Colour Gamut
- Excellent Outdoor Durability
- Good Abrasion / Chemical resistance
- Chemically Matched to the Original inks

OVERVIEW

The Emerald E10-XP-ECO low-smell ink forms part of the NUtec premium quality ink range, ideal for high-resolution, outdoor applications and is suitable for Epson DX4 and DX6 print heads, as used in Printers such as Roland RS640 and XC540.

Offering outstanding press stability and uninterrupted printing for extended periods, with low maintenance requirements, the Emerald E10-XP-ECO ink is compatible with a wide range of media.

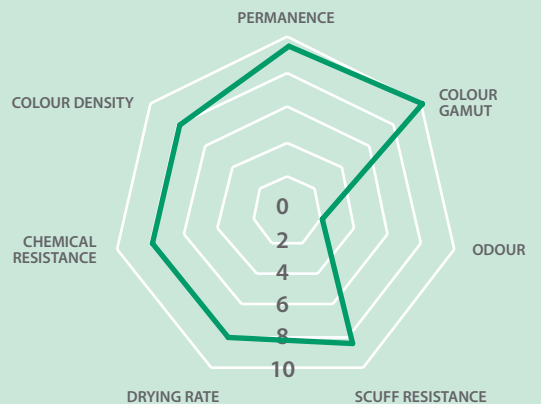

Expect quick and seamless conversions from the original Eco/HS inks to the E10-XP-ECO, with no flushing required in the change procedure.

Only the most robust pigment chemistries are used to formulate Emerald E10-XP-ECO series ink, thereby ensuring the best possible outdoor durability, together with a wide colour gamut.

Provided the inks are used in regular applications, using suitable substrates, the printed images will not fade unduly for up to two years.

SPECIFICATIONS

Permanence	9.5	Colour gamut	9.5
Odour	2	Scuff resistance	8.5
Drying rate	8	Chemical resistance	8
Colour Density	8		

■ E10-XP-ECO

PRINT HEAD COMPATIBILITY Epson DX 4, Epson DX6, Epson DX7*

PACKAGING CONFIGURATIONS 1L Bottle, 440ml Cartridges, 1000ml pouch, 600ml pouch, 1000ml NUBis bag-in-a-box

SHELF LIFE 18 months

SHIPPING AND STORAGE INFORMATION Storage & transit temperatures: +5°C to +35°C
Store in a cool, dry area, not directly on the floor and away from direct sunlight

OPERATING SPECIFICATIONS Temperature: +19°C to +28°C
Relative Humidity: 30% to 80% Non-condensing
