

EMERALD

E12

FEATURES

- Environment Responsible Product (ERP) with no Hazardous Air Pollutants
- Safer Operator Environment
- Fast Drying
- Superior Colour Gamut
- Low Smell
- Excellent Outdoor Durability
- Superior Image Quality
- Chemically Matched to the Original inks

OVERVIEW

Emerald E12 is a premium, Environment Responsible Product (ERP) ink designed for optimum use in Epson DX4 and DX6 print heads, as used in printers such as Roland RS640 and XC540. The Emerald E12 offers a greener solution for those who are committed to preserving the environment, as the volatile vapours emanating from this ink formulation are not classified as hazardous air polluting substances. This provides a safer operator environment with more favourable exposure limits.

Emerald E12 ink provides excellent media compatibility across a broad range of self-adhesive and flexible substrates. This is due mainly to the ink chemistry, which consistently controls the placement of the drop on the media, thereby creating repeatable images from one substrate to the next.

SPECIFICATIONS

Permanence	9.5	Colour gamut	10
Odour	4	Scuff resistance	8
Drying rate	9	Chemical resistance	8
Colour Density	9		

E12

PRINT HEAD COMPATIBILITY 2: Epson DX 4, Epson DX6, Epson DX7*

PACKAGING CONFIGURATIONS 1L Bottle, 440ml Cartridges, 1000ml pouch, 1000ml NUbis bag-in-a-box

SHELF LIFE 18 months

SHIPPING AND STORAGE INFORMATION Storage & transit temperatures: +5°C to +35°C
Store in a cool, dry area, not directly on the floor and away from direct sunlight

OPERATING SPECIFICATIONS Temperature: +19°C to +28°C
Relative Humidity: 30% to 80% Non-condensing

Ref.no. NU E12 2015.04. All trademarks recognised. E&OE.

2: Colour profiling required

* When used with the NUtEC NUbis.
