G60-F

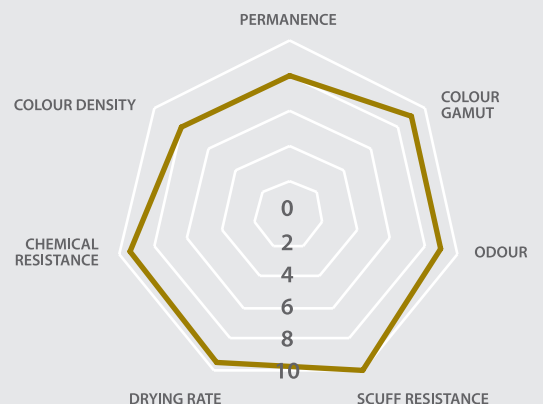

OVERVIEW

The Granite G60-F is a general purpose, solvent ink, available in five litre bottles for optimum use in Spectra 30PL, 50pl and 80pl print head machines. This ink offers good press stability, ensuring reliable printing, with low maintenance. Granite G60-F ink is suitable for a wide range of self-adhesive and flexible substrates.

Only the most robust pigment chemistries are used to formulate the Granite G60-F series ink, thereby ensuring the best possible outdoor durability, together with an extended colour gamut. The Granite G60-F combines the best possible image quality with the most reliable and consistent printing, roll after roll.
